

Mwande Engineering works – distributor of SealEco brands Elastoseal and Prelasti

Dated: 2019-11-29

SeaEco is a Swedish producer of EPDM membranes used for many different applications. SealEco offers a full system for lining and roofing products.

Mwande Engineering works has been appointed distributor for the Kenyan market for our brands Elastoseal and Prelasti.

Mwande Engineering works has participated in Sealeco trainings and education programs in Sweden:

- Theoretical education and practical Training for prefabrication of Elastoseal and Prelasti membrane in 2D, using Hot Air equipment under our supervision and guidance with excellent results.
- Theoretical education and practical training for installation of Elastoseal Geomembrane.
- Theoretical education and practical training for installation of Prelasti roofing system.
- All the knowledge necessary to satisfactorily prefabricate and install Elastoseal and Prelasti, has been demonstrated. Under our supervision and guidance with excellent results.

We hereby confirm that Mwande Engineering works, P.O. BOX 8106-00200 NAIROBI, have an approval for prefabrication, installation and distribution of Elastoseal and Prelasti membranes.

Yours sincerely,

Tobias Grauss
